Builder News Line

SEPTEMBER 2017

2017 President Home Builders Association

Advocacy is defined as “a vocal supporter of any cause; one who pleads or speaks for another” The Home Builders Association is the advocate for the home building, commercial, land development and remodeling industry. More often than not, advocacy takes place outside of the headlines; in meetings with elected officials and their staffs; attending Council Meetings and testifying at national, state and local agencies. The Home Builders Association of the Greater Pee Dee Board of Directors and staff are working round the clock on behalf of your business. As we participate this month in the National Membership Drive, your support will be greatly appreciated. If you know of someone who wants to join or should join please let us know. Our goal is 30 new members.

Tour of Homes information is included inside the newsletter. Remember our Sponsors of this great event. Go out and see all of the houses the last weekend of September and first weekend of October. Also like and share the social media advertising>>>Help us get the Event news out!

Last Clay shoot is November 2. Sign up your team quickly...It always fills up really fast. Bryan Dowd, BHD Builders and Jimmy Moore, County Supply and their committee always put on a top notch event.

Remember as a member you contribute to.....

One Vision....One Voice..... Wesley Johnson
